This phase is open to beneficiaries in any of the seven (7) categories of Sport, Health & Wellbeing, Arts & Culture, Heritage, Youth, Community & Irish Language who have received National Lottery Good Causes funding in any of the twenty-six (26) counties in the Republic of Ireland.

Due to its population density, what is the geographic region of County Dublin will be split into the following 3 areas -

- 1) Dublin City (Dublin City Council region)
- 2) Dublin North (Fingal County Council)
- 3) Dublin South (South County Dublin & Dun Laoghaire Rathdown Council regions)

To ensure fairness and equitable distribution, and in recognition of the concentration and movement of population within the broader geographical region that is County Dublin Area, the National Lottery reserves the right to reallocate entries from any Dublin region to any other region within the geographical region that is County Dublin.

This will increase to twenty-eight (28) the number of regions for the County stage. This increases the total number of county winners as there is potential for seven (7) category winners from each of the twenty-eight (28) County regions.

In addition, the National Lottery reserves the right to permit a second entry per category from the Dublin City area to progress to the County Stage in recognition of the high proportional concentration of national Good Cause beneficiaries located in Dublin City.

The maximum total number of County winners for the National Lottery Good Causes Awards 2024 is one hundred and ninety-six (196).
